THE COMMONWEALTH OF MASSACHUSETTS

FORTY-SIXTH ANNUAL REPORT

DEPARTMENT OF PUBLIC SAFETY

1010 Commonwealth Avenue

Boston, Massachusetts

I have the honor of submitting the forty-sixth annual report of the Department of Public Safety for the fiscal year from July 1, 1966 to June 30, 1967, made in compliance with the provisions of General Laws, Chapter 147, Section 1.

The following is a summary of the activities of the Divisions of State Police, Inspection, Fire Prevention, Subversive Activities, Boxing Commission, and various Boards and Bureaus of the Department for the fiscal year ending June 30, 1967:

DIVISION OF STATE POLICE

The Division of State Police is under the immediate charge of the Commissioner of Public Safety, in accordance with the provisions of Chapter 22, Section 3 of the General Laws.

This foreword is intended to summarize the highlights of the past year. The reader will want to refer to the report of each part of the Division in order to gain a complete comprehension of the widespread activities of the Uniformed Branch.

On August 1, 1966, Leo L. Laughlin was reappointed Commissioner of Public Safety, thus beginning a five-year term as chief administrator of the Department of Public Safety.

Lieutenant Colonel Thomas D. Murphy, Executive Officer of the Uniformed Branch, retired on February 28, 1967. Upon Colonel Murphy's retirement, Commissioner Laughlin promoted Major & Adjutant Robert D. Murgia to the rank of Lieutenant Colonel, and Staff Captain John R. Moriarty to the rank of Major and Adjutant.

On June 1, 1966, the 47th Training Troop commenced training at the State Police Academy, and fifty-one Trainees graduated on September 10, 1966.

On May 5, 1967, an examination was announced for entrance into the Massachusetts State Police, Uniformed Branch. The written examination was conducted on June 24, 1967 at Boston, Springfield, Worcester and New Bedford, and seven hundred and fifty-three candidates took the examination. As the fiscal year closed, physical examinations and agility tests were scheduled. Each aspirant would undergo an intensive background investigation and appear before two oral interview boards comprised of senior commissioned officers. Successful applicants will undergo an intensive training period at the State Police Academy.

Chapter 785 of the Acts of 1965 created a new promotional system within the Uniformed Branch of the Massachusetts State Police. This Act was signed by Governor John A. Volpe on December 6, 1965 and became effective March 6, 1966. The promotional system, as prescribed in Chapter 785 of the Acts of 1965, listed the following standards covering the ranks of Corporal through Captain: Performance Evaluation - Competitive Written Examination - Oral Interview - Longevity of Service - Veteran's Preference. The rank of Staff Captain covered the following standards: Written Examination - Performance Evaluation - Oral Interview. The Commissioner appoints the Lieutenant Colonel and Executive Officer from the next two subordinate grades and also appoints the Major and Adjutant from the next subordinate grade.

Examinations within the ranks of the Uniformed Branch from the grade of Corporal through Staff Captain were announced on February 28, 1967. Written examinations for the rank of Corporal were held on May 13, 1967, and for the ranks of Sergeant through Staff Captain were conducted on May 20, 1967. These examinations were held at State Colleges located at Worcester, Framingham, Westfield and Bridgewater. The officers then appeared before an oral interview board. The oral interview board, for the rank of Corporal, was composed of commissioned

4

officers within the Uniformed Branch. The oral interview board, for the grade of Sergeant through Staff Captain, was composed of officers from the Uniformed Branch and also officers from other State Police organizations. The marks were summarized and lists were published for all ranks. Following appeals, a final list will be established from which the Commissioner will make promotions for a period of two years.

This summer, for the first time in the history of the Uniformed Branch, summer uniforms were issued to all personnel. Designed to provide greater comfort during the summer season, the "new look" consisted of a short sleeve, open-neck shirt, tropical weight slacks and a straw campaign hat. New equipment was also issued to each officer - a four-inch Smith & Wesson revolver carried in a quick-draw holster, and a new type combination handcuff-cartridge case.

During the past fiscal year, a new film of the Massachusetts State Police was in the process of being filmed. The purpose of this twenty-minute film is to inform the general public of the training, skill and dedication of the Massachusetts State Police. The theme is based on the title "When Help Is Needed" and designed primarily to increase public awareness of State Police Work. Throughout the film, emphasis is placed on the professional training and efficiency

which enables the Trooper to provide expert assistance to the public whenever and wherever it is needed.

The Massachusetts State Police Medal of Merit has been awarded to only eight men in the long history of this Department; seven were to State Troopers, the eighth to a truck driver. Charles L. McCoombs, Jr., of New Bedford, Massachusetts, received the coveted honor posthumously. Charles L. McCoombs, age forty-two, father of four children, gave his life to save that of Trooper George W. Dunderdale. On December 21, 1966, on Route #24 in the City of Taunton, Mr. McCoombs observed the flashing lights of a state police cruiser, slowed his truck, which skidded on the slushy road surface, and into the parked state police cruiser. Immediately, flames enveloped the cruiser. Mr. McCoombs jumped from his truck and rushed to the blazing cruiser, thinking that Trooper Dunderdale was trapped inside. Unknown to Mr. McCoombs, Trooper Dunderdale, who was standing outside the cruiser prior to the accident, was knocked to the ground. In his heroic effort to rescue the officer, Mr. McCoombs was fatally burned.

MASSACHUSETTS STATE POLICE ACADEMY

The primary mission of the Massachusetts State Police Academy is to provide a staff and facilities

for administering and conducting the written, physical and oral screening, and the basic curriculum of all State Police Candidates.

The secondary mission is to maintain facilities and conduct in-service "refresher" training programs for Troopers, Non-Commissioned and Commissioned Officers of the State Police in all basic and advanced skills and studies of the law enforcement profession.

The tertiary phase of the Academy's mission is to conduct a six-week course of instruction on basic police skills for selected officers of the local cities and towns of the Commonwealth, and for personnel assigned to other Departments of the Commonwealth.

It is also the concurrent responsibility of this Command to train the Academy Staff in new police skills and to acquaint them with advances in police technology, as well as to maintain the Academy complex of buildings.

The below list shows the dates, courses and number of personnel in attendance:

<u>Dates</u>	<u>Courses Conducted</u>	<u>Personnel</u>
8/3 to 8/9/66	New State Police Evaluation Forms & Procedures	87 Commissioned & Non-Commissioned Officers
9/10/66	Basic Recruit School (16 weeks)	51 Trainees graduated 47th Training Troop
10/3/66	Weapons Qualification	547 State Police Officers
10/13/66	Riot Control Formation (2 sessions)	96 Local Police Officers

<u>Dates</u>	<u>Courses Conducted</u>	<u>Personnel</u>
10/20/66	Criminal Law Formation	112 Local Police (Regional)
11/3/66	Weapons Qualification	23 Federal Agents (U.S. Treasury)
11/5/66	State Police Detective Lieutenant Conference	21 Officers
11/5 & 11/6/66	Military Police Riot Control Drills	237 Officers and Enlisted personnel
11/10/66	42nd Local Police Officers Class (6 weeks)	49 Officers
11/15/66	Local Police Selection Board-Southwick	8 Officers
12/12/66	First Aid and Weapon Familiarization	112 Local Police (Regional)
12/15/66	Riot Control Formations	112 Local Police (Regional)
12/16/66	43rd Local Police Officers Class (6 weeks)	48 Officers
3/10/67	44th Local Police Officers Class (6 weeks)	50 Officers
3/21 & 3/23/67	Criminal Law & Combatitive Courses	53 Local Police (Regional)
3/22 & 3/23/67	Breathalyzer Operator Course	20 Officers
4/4/67	Weapons Instructor Course	4 Officers (Regional-Local)
5/4 to 5/8/67	Criminal Law	60 Officers (Regional-Local)
5/12/67	45th Local Police Officers Class (6 weeks)	48 Officers
6/20/67	First Aid & Rescue Breathing	15 Lifeguards

In addition to the regular training programs conducted by this Department at the Academy, the Academy Staff also lectured, instructed, attended meetings and conferences as listed below:

- 10/20/66 - Criminal Law Lecture - Townsend Regional Police School
- 12/1/66 - First Aid Class - Townsend Regional Police School
- 12/2/66 - Small Arms School - Civil Defense Center Topsfield
- 12/19/66 - Department of Public - Boston
2/17/67 Works Meeting re
2/28/67 State Police Patrol of Innerbelt Inter-state Roads
- 1/3 thru - Field Trip to Police - Pennsylvania State Police
1/7/67 Academies and New York City Police
- 1/26/67 - Lecture delivered at - Rhode Island State Police
Rhode Island State Police Academy Staff and Command School
- 1/31 and - Community Relations - New Police Department
3/2/67 Work Shop
- 2/14/67 - Paper on "Police in - Massachusetts Institute
Modern Society" of Technology
- 2/19 and - Seminar on Community - Boston Police Department
2/20/67 Relations
- 2/20/67 - Presided at Oral Bd. - Town of Wayland
re selection of Juvenile Officer
- 2/28/67 - General Headquarters - General Headquarters
Conference re Boston
Promotional Bill
- 3/1, 3/16, - Staff and Command - Rhode Island State Police
3/21, 4/13, Lectures at NESAPAC Academy
4/18/67
- 3/20 and - Conducted Oral Bd. - Wayland Police Department
3/27/67 for candidates for
Wayland Police

3/28 thru - Conducted classes at - Greenfield
 3/30/67 Franklin County
 Regional School

5/3 thru - Planning & Training - Kentuck State Police
 5/6/67 Officers Conference Academy

6/19 thru - Federal Bureau of - Bretton Woods, N. H.
 6/21/67 Investigation re
 training session

6/25/67 - State Police Train- - Watch Hill, R. I.
 ing Officers Seminar
 (International Association
 of Chiefs of Police)

STATE POLICE BUREAU OF COMMUNICATIONS

Radio System

The Massachusetts State Police operates a frequency modulation radio system that consists of sixteen watt main or base stations; seven 100 watt base stations; five 60 watt base stations; twenty 30 watt base stations; two hundred and sixty-four 30 and 50 watt mobile units; twenty 1.4 watt portable transmitter-receivers, loudspeaking equipment consisting of three audio amplifiers and loudspeakers and two electric megaphones.

The 300 watt main stations are so located as to give complete coverage of the entire state and are contained in cement block buildings with adjoining towers. Because these buildings are on isolated mountain tops at Mount Greylock, Mount Holyoke, Mount Wilcox, Mount Wachusett, Great Blue Hill, Holt's Hill, Manomet Hill and Copicut

Hill, each is surrounded by a seven foot chain link fence to prevent unauthorized persons from tampering with the equipment. These stations also contain a voltage regulator to govern the voltage feeding into the radio equipment and an auxiliary power plant. The power plants operate through a series of relays, start automatically the moment trouble develops on the commercial power lines feeding the radio equipment. These units are gasoline driven and have been very useful, particularly during storms and have operated as many as eleven days without interruption of service.

One 100 watt pole mounted station is located at Dug Hill, and does not have the emergency power unit. However, in an emergency, a portable power unit can be moved to the station and service resumed within a very short time.

In coordination with these main stations, one hundred and ninety-one cruisers, eleven trucks, one bus, one Command Post and one Sno-cat, plus ten vehicles attached to other State Agencies, contain complete two-way radio sets owned by the State Police, consisting of a 30 or 50 watt transmitter, and a receiver with the necessary accessories. The transmitter contains two crystals, one crystal operates on the assigned frequency of 44.90 mc. This frequency can be changed by throwing a switch, allowing the transmitter to operate on the assigned

station frequency of 44.74 mc so that when it becomes necessary, direct communications can be provided between any two cruisers within an area of from five to ten miles. There are also thirty-five police departments in the State that have purchased two-way mobile radios for operation on the State Police frequency 44.74 mc.

This Bureau is the State Warning Point for Massachusetts on the National Warning System (NAWAS). In the event of a National Emergency we would be notified immediately by this direct line. Tests of this National Warning System are made three times a day, once during each tour of duty. We also have a direct line to the Massachusetts Civil Defense Agency at Framingham by telephone.

The following points in Massachusetts are members of the National Warning Network:

- Massachusetts Civil Defense Agency - Framingham
- Middleboro State Police
- Holden State Police
- Northampton State Police
- Pittsfield State Police
- Barnstable County Sheriff's Office
- Greenfield Fire Department
- Haverhill Fire Department
- Springfield Police Department
- Logan International Airport (U.S. Weather Bureau)
- Boston Police Department
- Capitol Police - State House
- Cambridge Fire Department
- Revere Fire Department
- Needham Police Department
- Waltham Fire Department
- New Bedford Fire Department

An Inter-department radio network on 158.97 mc now exists in the following departments east of Worcester:

Arlington	Lynn	Salem
Barnstable County	Lynnfield	Salisbury
Belmont	Malden	Seekonk
Beverly	Manchester	Swampscott
Boston	Marblehead	Waltham
Braintree	Marlboro	Watertown
Brookline	Marshfield	Weston
Cambridge	Medford	Westport
Chelsea	Metropolitan	Weymouth
Danvers	Milton	Winchester
Dukes County	Newton	Worcester
Everett	North Andover	Boston-State Police
Fall River	Peabody	Framingham-State Police
Gloucester	Quincy	Holden-State Police
Hamilton	Reading	Middleboro-State Police
Ipswich	Revere	Mass. Turnpike-State Police

An Inter-department radio network is now in operation at State Police Northampton. The following police departments are now on this network:

Agawam	Ludlow
Chicopee	Palmer
Easthampton	Springfield
East Longmeadow	West Springfield
Longmeadow	Northampton-State Police

A Civil Defense radio receiver has been installed at State Police Holden on the Vermont State Police frequency of 42.86 megacycles enabling us to talk with the Vermont State Police at Rutland. Vermont has a Civil Defense receiver on our frequency.

Teletypewriter System

A summary of circuitry and traffic breakdowns are included in a latter portion of this report.

The Massachusetts Police Teletypewriter Network

operates at seventy-five words per minute. This speed permits greater circuit availability time for all members of the Network.

The Interstate System is a National System, all machines on this system operate at one hundred words per minute. We have direct connections via an automatic switching center in Phoenix, Arizona to every State except Alaska and Hawaii. This system uses call directing codes that direct the messages to their destination.

This system is broken down into six lines as follows:

LINE A

Connecticut, Hartford
Maine, Augusta
Massachusetts, Boston
New Hampshire, Concord
New York, Albany
Rhode Island, Providence
Vermont, Montpelier

LINE B

Delaware, Dover
New Jersey, Trenton
New York City
Pennsylvania, Harrisburg

LINE C

Records maintained at General Headquarters show the following statistical record of crimes reported and the number of cancellations for the past year ending June 30:

Stolen Cars	40,364	Stolen Cars Recovered	34,721
Stolen Plates	4,325	Stolen Plates Recovered	826
Hit and Run	405	Hit and Run Cancelled	73
Wanted Persons	4,099	Wanted Persons Apprehended	2,040
Missing Persons	10,355	Missing Persons Located	7,500
Breaking & Entering	2,424	Breaking & Entering Can.	141
Holdups	1,353	Holdups Cancelled	162
Lost Property	376	Lost Property Recovered	120
Stolen Property	2,288	Stolen Property Recovered	182
Assaults	611	Assaults Cancelled	138
Homicides	437	Homicides Cancelled	176
Other Crimes	2,176	Other Crimes Cancelled	791

During the year many requests are received for a check on the Bureau records which result in the identification of stolen property and missing or wanted persons who are located or identified. The files are constantly searched in tying together the vast bulk of information passing over the network and giving the results of these searches to other police departments to aid them. These are referred to as "Assistance Rendered" cases. The following indicates those cases where identification was made and also sets forth the value of the property recovered as a result of a search of the files maintained at this Bureau:

Cars and Trucks Recovered - Approximate Value -	\$1,446,878.00
Cars Recovered	1217
Motorcycles Recovered	19
Trucks Recovered	31
Plates Recovered	62
Missing Males Located	17
Wanted Males Apprehended	25
Missing Females Located	3
Guns Recovered	1
Other Property Recovered	7

In connection with our practice of sending letter checks to verify the status of alarms reported over the Teletypewriter Network, two hundred and forty-two Missing Persons were cancelled.

The State Police Headquarters in Boston is the Massachusetts State Warning Point and, in this connection, four Civil Defense Tests were conducted during the fiscal year ending June 30.

The personnel of the Bureau delivered lectures on Police Communications to the 42nd, 44th and 45th Local Police Officers Classes held at the State Police Academy, Framingham.

In connection with the use of a computer in automatic switching and storage of teletype messages, personnel of this Bureau participated in seven meetings and demonstrations.

The personnel of the Bureau attended twenty meetings and conferences concerning activities vitally affecting the communications media and its effects on the Massachusetts State Police Communications Systems.

STATE POLICE TRAFFIC BUREAU

During the fiscal year ending June 30, 1967, a total of four thousand three hundred and fifty motor vehicle accidents were investigated; one hundred of these accidents were fatalities in which one hundred and thirty-three persons lost their lives. Two thousand and eighty-four

personal injury accidents occurred in which three thousand four hundred and twenty-four persons were injured. There were two thousand one hundred and sixty-six property damage accidents investigated.

Two thousand and eighty accidents occurred during the hours of daylight and two thousand and seventy occurred during darkness. A total of one thousand and seven accidents were investigated during the early evening period compared to five hundred and two investigated during the midnight - 1:00 P.M. period.

The weekend continues to be the most dangerous time of the week for accidents. Saturday was the most dangerous day with eight hundred and thirty-nine accidents; Sunday, seven hundred and forty-six; and Friday, seven hundred and twenty-three.

Running off the road accounted for one thousand one hundred and fifty-seven accidents investigated; rear end collisions accounted for eight hundred and eighty-four; fixed objects accounted for seven hundred and nineteen; angle collisions accounted for six hundred and thirty-seven; and pedestrian accidents accounted for fifty-two.

The principal causes of the accidents investigated showed that four hundred and sixty-nine occurred because of excessive speed; four hundred and twenty-seven caused by icy road conditions; three hundred and seventy-three caused by inattention of operators; three hundred and forty-four caused by following too closely; and two

hundred and seventy-three caused by poor judgment.

Our younger drivers continue to be the group involved in the greatest number of accidents. In the sixteen to twenty year bracket, nine hundred and seventy-six male operators and two hundred and sixty female operators were involved in accidents; in the twenty-one to twenty-five year bracket, nine hundred and fifty-two male operators and two hundred and seventeen female operators were involved in accidents.

Listed below are the number of accidents investigated, prosecutions, convictions and percentages compared to the same period in 1966:

<u>Year</u>	<u>Number of Accidents</u>	<u>Number of Prosecutions</u>	<u>Percent Prosecuted</u>	<u>Percent Convictions</u>
1967	4350	1594	36.6	80.0
1966	3802	1696	44.6	82.0

There were two thousand and twenty-seven copies of accident reports mailed upon request to interested parties, and six thousand sixty-two dollars and fifty-three cents received by the Department Cashier for these services.

Twenty-six thousand and seven hundred persons were prosecuted in the courts for violations of the motor vehicle laws. Copies of these violations were forwarded to the Registry of Motor Vehicles. Also forwarded to the Registry were copies of seventy-two thousand six hundred and sixty-nine warning notices and thirty-nine thousand three hundred and seventy defective equipment notices. Including the fifty thousand eight hundred and ninety-

three parking violation notices issued at Logan Airport, a total of one hundred eighty-nine thousand six hundred and thirty-two motorists were cited for various violations of the motor vehicle laws.

In our Chemical Tests for Intoxication Program, four hundred and twenty persons were charged with operating a motor vehicle while under the influence of intoxicating beverages. Of this total, seventy-three persons were given a breath test, and fifty-two had an alcohol determination of .15 percent or over; twenty-one had a determination of under .15 percent. Two persons were found to be under the influence of harmful drugs. The Department has ninety-seven qualified operators of Breathalyzer equipment and is presently operating seventeen units covering twenty-nine stations in the State.

Following is an Accident Analysis and Summaries for the fiscal year ending June 30, 1967:

BUREAU OF PHOTOGRAPHY AND FINGERPRINTING

The following photography activities were performed by the Bureau of Photography and Fingerprinting for the Massachusetts State Police, other branches of the Department of Public Safety, local, state and federal law enforcement agencies and other departments of the Commonwealth:

<u>Activity</u>	<u>Number</u>	<u>Prints</u>
Criminal Cases	3,531	21,509
Additional Prints		1,783
Departmental Assignments	62	812
Individuals Photographed	634	1,289
Photos Submitted for Copy	<u>2,824</u>	<u>10,473</u>
	7,051	35,866

During the fiscal year ending June 30, 1967, the following fingerprinting activities were performed:

Individuals Fingerprinted	462
Prisoners & Suspects Fingerprinted	476
Deceased Persons Fingerprinted	<u>44</u>
	982

During the fiscal year, the Bureau personnel spent one thousand nine hundred and ninety-seven hours in court appearances, inquests and hearings, etc., in rendering expert testimony required of them as skilled technicians in the sciences of photography and fingerprinting.

Two thousand three hundred and ninety-five hours were expended by Bureau personnel in instruction to local police

officers at the State Police Academy, Framingham; and instructing officers from Fitchburg, Tewksbury and Lowell in the General Headquarters Laboratory; and instructing two Troopers at the Holden Laboratory.

Fifty-six hours of instruction was received by Bureau personnel at the F.B.I. Advanced Latent Fingerprinting Course conducted at the Boston Police Headquarters and at the State Police Academy Seminar.

Five hundred and thirty-six hours were expended by Bureau personnel in special assignments, various details and speaking assignments.

A statistical breakdown of criminal cases is as follows:

<u>Categories</u>	<u>Number of Cases</u>
Abandoned Motor Vehicle	2
Accidents	298
Cruiser Accidents	72
Hit and Run	30
Train & Miscellaneous	8
Motor Vehicle Accidents	188
Assaults	54
A/B, A/DW, A/B with dangerous weapon, Assault with dangerous weapon, Assault w/intent to murder, assault w/intent to rape, non-fatal shooting, Assault & Larceny of Motor Vehicle, A/BE, Armed assault with intent to rob, Assault & B/E	

Bomb Scare	3
Breaks	1922
B&E, BE&L, BE&L of safe, Attempted B&E, B&E/NT, Assault, Larceny of Motor Vehicle, Possession of Dangerous Weapon, Larceny of Narcotics, Arson, Malicious Destruction of Property	
Building Investigation	3
Unlawful Construction, Violation of Building Code	
Child Abuse	1
Contributing to Delinquency of Minor	3

Cruelty to Animals	2
Deaths	142
Accidental - Hunting, carbon monoxide 7 poisoning, drowning	
Homicides - Autopsy, Robbery, Finger- print Deceased, Suicide 50	
Miscellaneous - Autopsy, Suspicious Deaths, Suicide, Drown- ing, Fingerprint Deceased Persons 53	
Suicides - Homicide, Shooting, Double Suicide, Autopsies 32	
Disturbing the Peace	1
Vietnam Demonstrations	
Drunk	3
Explosions	13
Fatal, Non-fatal, Fires	

Fingerprint and Photograph Prisoners	163
Miscellaneous Fingerprint Cases	18
Applicants, Fingerprints for Comparison	
Fire Hazard	1
Fires	127
Suspicious, Undetermined Origin, Arson, Motor Vehicle Fires, Attempted Arson	
Fatal Fires	8
Forgery	2
Fraud	3
Fugitive from Justice	7
Fingerprint and Photograph Prisoners	
Gaming	14
Fingerprint and Photograph Defendants	
Immoral Show	1
Kidnapping	3
Larceny	150
Attempted larceny, fingerprint & photo- graph prisoner, Narcotics	
Larceny of Motor Vehicles	66
Liquor Law Violation	2
Malicious Destruction	51
Motor Vehicle Violations	49
Narcotics Violation	43
Neglect of Minor Children	1
Obscene Letter	1
Possession of Burglarious Tools	1
Robbery	73
Armed, Unarmed, A/B, Rape, Assault with Dangerous Weapon	

Sex Offenses	59
Attempted Rape, Rape, Open & Gross Lewdness, Indecent Assault, Adultery, Unnatural Acts, Carnal Knowledge of Feebleminded, Incest, Morals, Indecent Exposure	
Special Investigations	5
Attorney General's Office	
Stolen Motor Vehicles Recovered	186
Arson, Robbery	
Stolen Property Recovered	18
Subversive Activities	1
Threats - Letters	2
Trespassing	2
Violation of Airport Regulations	
Unlawful Possession	15
Firearms, Dangerous Weapons	
Vagrancy	10
Violations of Town By-Law	<u>1</u>
	3531

SUPPLY BUREAU

The Staff Captain and Supply Officer of the State Police Supply Bureau supervises the ordering and purchasing of supplies and equipment, including automobiles, motorcycles, etc., attends to maintenance of State Police Stations, motor vehicles and other property, prepares the expense budget for State Police, and is accountable for all expenditures.

During the past year, reimbursement in the amount of ten thousand five hundred three dollars and eighty cents for damages caused to State Police Cruisers was obtained from insurance companies. Although the cost of repairing the damages was charged to State Police Expenses, the reimbursement was made to the General Fund of the Commonwealth.

CRIMINAL INFORMATION BUREAU

During the fiscal year ending June 30, 1967, this Bureau has enjoyed the cooperation of all Federal, State, and local law enforcement agencies. Among these are:

- All Massachusetts Police Departments
- District Attornies for all Counties
- Department of Correction
- Department of Public Health
- Department of Mental Health
- Department of Corporations & Taxation
- Department of Probation
- Clerks of Court
- Federal Courts
- U. S. Postal Inspectors
- U. S. Treasury Department
- U. S. District Attorney
- Better Business Bureau
- New England Telephone & Telegraph Company
- Thoroughbred Racing Protective Bureau
- Sheriffs of all Counties
- Alcoholic Beverages Commission
- Board of Registration in Medicine
- Board of Registration in Pharmacy
- Board of Registration in Nursing

Seven thousand nine hundred and forty-two notifications have been sent to most of the above-mentioned law enforcement agencies informing them of matters pertinent to their particular agency in compliance with Chapter 771 of the

Acts of 1955.

Nine circular letters were sent to all Chiefs of Police and other law enforcement agencies containing information concerning current criminal practices and suspects involved in various fields of crime.

During the past fiscal year, a Supplementary Blue Bulletin was prepared under the direction of the Commissioner of Public Safety on Unsolved Murders In Massachusetts, particularly so-called "Gangland Slayings." This was distributed to all Chiefs of Police of the Commonwealth to bring them up to date on the information on file regarding these crimes, and to obtain from them whatever information they might have concerning these cases, in an endeavor to obtain information that might lead to their solution.

The Criminal Information Bureau initiated a Criminal Intelligence Bulletin in June 1967, in which information received by the Bureau from officers throughout the Commonwealth in Field Intelligence Reports is circulated to all Massachusetts State Police Stations and officers on special assignment in District Attorneys' Offices and elsewhere in the Commonwealth.

Officers assigned to the Bureau for the purpose of conducting gaming surveys concerning open violations of the gaming laws have visited one hundred and eighteen cities and towns of the Commonwealth and have checked a total of one thousand three hundred and seventy-four

locations. The officers reported illegal gaming conditions in twenty-six of the above locations. All information received was directed to the local Chiefs of Police and copies of these communications were sent to the District Attorneys for the counties in which the violations were noted. No arrests for violations so noted were made by these officers.

Officers assigned to the Narcotics Section of the Bureau conducted four hundred and thirty-six investigations throughout the Commonwealth concerning violations of the narcotic and harmful drug laws, assisting local police and county law enforcement officers. These investigations led directly to two hundred and ninety-one arrests in cooperation with local police departments. These officers are available to all law enforcement agencies in the Commonwealth for assistance in this specialized field.

One of our officers was assigned to assist an inspector in the Department of Corporations and Taxation on a cigarette tax fraud case, and it was successfully concluded after lengthy investigation. This case involved tax revenue in excess of two hundred thousand dollars.

In compliance with Chapter 347 of the Acts of 1958 concerning the reinstallation of telephones used in connection with gaming, the Bureau handled the following:

Number of telephones reported removed
for gaming activity

Number of reinstallations approved after
investigation by Bureau Personnel 14

Number of notifications of gaming con-
victions sent to telephone companies
doing business in the Commonwealth 424

The Safe-Break File, established at the request of the Massachusetts Chiefs of Police, now has a total of one thousand and forty-one cases on file containing the modus operandi and other information concerning each particular case which is electronically tabulated and filed. This forms a nucleus and expanding control depository of information concerning this crime which is available to all law enforcement agencies for their use and examination.

A Breaking and Entering File has been set up in the Bureau as the result of a request by the Massachusetts Chiefs of Police. A form has been devised, approved by them, and distributed to all police departments in the Commonwealth for the purpose of setting up a central file on this crime for comparison and evaluation. This central file envisions the eventual utilization of computer equipment, when available, in order to assist the local departments in rapid comparison of these crimes as they occur.

Personnel of the Bureau delivered lectures on the activities of the Criminal Information Bureau before various police groups, as well as the State Police Trainees and Local Police Training Courses at the State Police Academy. In addition, personnel of the Bureau

delivered twenty-one lectures to various groups throughout the Commonwealth.

The Head of the Bureau attended the monthly meetings of the Chiefs of Police Association held in various sections of the Commonwealth and exchanged information with them, and also the monthly meetings of the Armed Forces Disciplinary Control Board.

During the fiscal year ending June 30, the Courts of the Commonwealth reported the following cases to the Bureau in compliance with Chapter 365 of the Acts of 1956:

Gaming	607
Narcotics and Harmful Drugs	461
Pornography	<u>19</u>
	1087

The Head of the Criminal Information Bureau has been designated as the Criminal Intelligence Officer for the Massachusetts State Police Administrators' Conference to gather information on known rackets and racketeers and disseminate this information to, and receive like information from, other members of this organization.

He is also designated as the Criminal Intelligence Officer to work in conjunction with the Law Enforcement Intelligence Units. This is a national organization composed of criminal intelligence units attached to law enforcement agencies which coordinates police intelligence information nationwide.

All information received by the Bureau has been catalogued and indexed in a twelve-way cross-reference system using available electronic equipment and the

latest methods and procedures. We now have a total of two hundred and seventy-five thousand tab cards in the files of the Bureau. These files contain the records or information on over twenty-two thousand persons and places involved in violations of the narcotic, harmful drug, gaming and pornography laws of the Commonwealth. A criminal intelligence file is also maintained by the Bureau.

Records of these individuals are being cross-referenced with the files of the Bureau of Identification. A file of suspected persons and places is also kept for the assistance of investigators of any law enforcement agency.

SPECIAL SERVICE UNIT

The principal objective of the Special Service Unit is the investigation and prosecution of gaming, liquor and pornography violations.

Personnel assigned to this Unit, in addition to their regular assignments, were called upon to assist and cooperate with local and out-of-state departments in the evaluation and dissemination of gaming information and investigation of persons suspected of participating in out-of-state operations. Officers of this Unit have testified as experts in various Courts in the Commonwealth for local and federal

agencies, as well as their own cases, concerning apparatus, paraphernalia, etc., relating to gaming. As a result of gaming investigations and raids, officers have also frequently been called upon to testify at local liquor licensing hearings and equity hearings.

Investigations conducted during the fiscal year ending June 30, 1967 were divided into three principal categories; namely, gaming, pornography and crimes against morality, and liquor violations.

Gaming Activity

Complaints Processed	54
Arrests	137
Investigations Conducted - Cities & Towns	73
Gaming Raids Conducted - Cities & Towns	62
Locations Raided	51
Percentage Raided - Cities & Towns	84.9%
Court Fines Imposed	\$28,020
Jail Sentences Imposed	3

Morals and/or Pornography

Complaints Processed	16
Arrests	26
Fines Imposed	\$3,350
Jail Sentences Imposed	1

Liquor & Other Criminal Activity

Complaints	1
Arrests	4

FIREARMS IDENTIFICATION BUREAU

The following is a statistical summary of the activities of the Firearms Identification Bureau for the fiscal year ending June 30:

Fatal Shootings	56
Non-Fatal Shootings	44
Others	309
Confiscated Weapons	334
Consultations	593
Court Appearances (602 hours)	126
Test Firings	2933
Microscopic Examinations	2170
Speaking Assignments	26
Weapons Destroyed	318
Special Assignments (809 hours)	65

FIREARMS RECORD SECTION

The following is a report of the Firearms Record Bureau for the fiscal year ending June 30:

Licenses to carry firearms (FA19) sold to local departments	26,117
Licenses to carry firearms (FA-19) processed	27,229
Dealer and Gunsmith Licenses Processed	1,100
Machine Gun Permits to Possess, Processed	14
FA-25 Copy Licenses Issued	57
Temporary Licenses to Carry Firearms Issued Under Chapter 140, Section 131F	426
Resident Licenses to Carry Firearms Issued by Commissioner	86
Licenses with Record of Misdemeanors	5,182

Promotional Project (varied)	1,578
Recruiting Project (varied)	5,733

PUBLIC RELATIONS BUREAU

The principal responsibility of the Public Relations Bureau is to provide clear and continuing communications between the Department and the public it serves. This responsibility takes many forms such as handling telephone calls from news media, answering written requests received daily from throughout the nation, etc.

During the fiscal year ending June 30, 1967, the Speakers Bureau, composed of State Police Officers who serve as lecturers, continued to provide an important communications service. State Police programs were presented to all types of service groups, schools, and other interested organizations. Films were used on many occasions to supplement the lectures presented by our officers. There was a total of two hundred and fifty public information programs presented throughout the State. The attendance at these programs exceeded twelve thousand. The value of this face-to-face communication cannot be overestimated. It provides a solid base of support, continually strengthened, for the enforcement programs of the Department.

Bureau personnel served as program coordinators at a number of official functions during the fiscal year ending June 30, 1967, which included the 47th Training Troop graduation in September, 1966; the

Annual Memorial Service, held in May, 1967, at the State Police Academy; and several graduation ceremonies of Local Police Officers Classes. This participation program included the design and makeup of invitations and programs.

State Police Exhibits were maintained at the Nantucket Agricultural Fair at Foxboro Raceway, in August; Eastern States Exposition in West Springfield, in September; Worcester Exchange Club, in February; Massachusetts Safety Council Safety Congress, at Boston, in March; and several other minor functions. Exhibits were also developed for the several graduation programs from the State Police Academy in Framingham.

Bureau personnel were involved in daily operating responsibilities related to the Office of the Commissioner and the State Police Executive Office.

MASSACHUSETTS CIVIL DEFENSE AGENCY

The Civil Defense Officer is a staff member of the Director of the Massachusetts Civil Defense Agency and is responsible for police services and keeping the Commissioner of Public Safety and the Director of Civil Defense informed of the police situation in the Commonwealth relating to Civil Defense.

The Civil Defense Officer participated in the formulation of the Emergency Highway Traffic Regulations

and copies of said regulations were forwarded to General Headquarters, Boston.

Fifteen hundred Training Manuals were distributed to auxiliary police officers.

Five In-Service Training Classes, comprising one hundred and sixty-five auxiliary police officers, were conducted at Civil Defense, Framingham; and two classes, comprising ninety regular and auxiliary police officers, were conducted at the Topsfield Training Academy. Instructions regarding Civil Defense responsibility were given to three classes, comprising one hundred and twenty State Police Officers, at the State Police Academy, Framingham. Lectures were delivered to auxiliary police officers at local police locations and at Civil Defense, Framingham.

Inventories for the fiscal year ending June 30, 1967 have been completed in accordance with the Civil Defense Police Inventory Plan.

MASSACHUSETTS STATE POLICE AUXILIARY

During the fiscal year ending June 30, the Massachusetts State Police Auxiliary was activated and reported for duty and training on various occasions.

Duty consisted of many aspects of on-the-job training at Massachusetts State Police Headquarters and sub-

stations. It included desk duty, traffic patrol and fixed traffic posts.

Training consisted of the use of all emergency equipment, including resuscitator, ambulance cruiser, teletype and teletype file numbers, radio and radio signals, administration at substation level, logs and record keeping, filing of records and general duties of the desk officer and night office watch.

During the past fiscal year, the Auxiliary Troopers reported for duty on the following dates:

<u>Date</u>	<u>Auxiliary Troopers</u>	<u>Time</u>	<u>Duty</u>
7/4/66	12	Weekend	Traffic & Station Duties
Labor Day	9	Weekend	Traffic & Station Duties
New Year's Day	11	Weekend	Traffic & Station Duties
5/27/67	13	One Day	Annual Meeting & Memorial Service
5/30/67	8	Weekend	Traffic & Station Duties

The annual meeting was held on May 27, 1967. The officers participated on the firing range in Southboro in the morning, followed by a business meeting. All members, then present, took part in the Memorial Day Observance.

A total of four hundred and two man hours were contributed by members of the Auxiliary during the past fiscal year ending June 30. This was divided into three hundred and thirty-seven hours of duty and sixty-five hours of training.

From April 16, 1955, which was the inception of the Auxiliary, to June 30, 1967, a total of twelve thousand and ninety-eight duty hours and four thousand one hundred

and twenty-five training hours have been contributed, making a grand total of sixteen thousand two hundred and twenty-three man hours.

The present strength of the Massachusetts State Police Auxiliary is sixty-five members, of which two are women.

CONTRABAND AND EVIDENCE

The provisions of Chapter 138 of the General Laws, which relate to the disposition of liquors ordered forfeited by the Courts of the Commonwealth, stipulate that such liquors shall be forwarded to the Commissioner of Public Safety to be disposed of according to law. Similar provisions of law are applicable to implements of gaming seized in raiding operations under the authority of search warrants.

The following statistical data indicates the disposition of liquors and gaming implements forfeited during the fiscal year ending June 30, 1967:

Spirits received during the fiscal year	38 gals.
Spirits on hand July 1, 1967	None
Total	38 gals.
Spirits destroyed during the fiscal year	None
Spirits delivered to State Institutions	38 gals.
Spirits on hand July 1, 1967	None
Total	38 gals.
Malt received during the fiscal year	151 gals.
Malt on hand July 1, 1967	None
Total	151 gals.

Malt destroyed during the fiscal year	None
Malt delivered to State Institutions	151 gals.
Malt on hand July 1, 1967	None
Total	151 gals.

Wine received during the fiscal year	107 gals.
Wine on hand July 1, 1967	None
Total	107 gals.

Wine destroyed during the fiscal year	None
Wine delivered to State Institutions	107 gals.
Wine on hand July 1, 1967	None
Total	107 gals.

Money taken in raids and from gaming machines during the fiscal year and turned into the Accounts Receivable of the Department of Public Safety for delivery to the State Treasurer, as directed by forfeiture warrants, in the amount of	\$1,320.06
---	------------

Forfeited weapons received by the Department from the Courts, in accordance with Chapter 269, Section 10 of the General Laws -	354 weapons
--	-------------

Weapons received from State Police, without warrants, for destruction -	26 weapons
---	------------

Weapons received from other police departments, without warrants, for destruction	44 weapons
---	------------

Destroyed, as directed by forfeiture warrants, a large quantity of betting slips, books, pads, racing sheets and payoff slips.

Turned over to the Department of Public Health, in accordance with Chapter 94 of Section 214, General Laws, forfeited drugs, needles, etc., received from the State Police on 27 forfeiture warrants.

STATE POLICE PHOTO REPRODUCTION BUREAU

The following is a statistical report of the activities

of the State Police Photo Reproduction Bureau for the fiscal year ending June 30:

	<u>Xerox</u>	<u>Photostat</u>
Fingerprint and criminal records submitted for copy	83,000	530
Documentary evidence submitted for copy - checks, letters, bills, etc.	22,000	250
Maps, blueprints, etc.	360	290
Miscellaneous reproduction	44,300	410
		<u>Multilith</u>
Circulars - sex, wanted, missing, escapees, etc.	998,000	
Multilith reproduction	1,200,000	

BUREAU OF IDENTIFICATION

During the fiscal year ending June 30, 1967, this Bureau continued to provide a wide variety of services to law enforcement officers.

The following figures denote the number of inquiries made by mail from various sources as listed below:

Mass. State Police	2482
Boston Police	30653
Other Mass. Departments	4017
Mass. Courts	3057
Mass. Institutions	14808
Depts. Outside Mass.	2451
U. S. Government	12312
Miscellaneous	6568
Visas	63
	<u>76411</u>

In addition to the inquiries made to the Bureau via mail, other inquiries were made by the below-listed means of communications:

Telephone	7001
Teletypewriter	9339
In Person	5393
Speedphoto	8
	<u>21741</u>

Of the 7001 telephone requests, identifications were established for 2504 cases, and of 5393 personal visits to the Bureau, identifications were made for 1909 cases.

The volume of material sent out as a result of these inquiries are reflected in the reports of other sections of the Department; such as, the State Police Photo Reproduction Bureau and the Bureau of Photography and Fingerprinting.

Other activities included more extensive use of the Identi-Kits for making composite likenesses from victims' and witnesses' descriptions, participation in major investigations in phases of modus operandi and single fingerprint activities, in-service technical training to law enforcement and identification personnel, lectures to various groups, technical meetings, research and study.

The Bureau continued to receive requests for information from laundry and cleaning mark identification files from law enforcement agencies at all governmental levels.

MASSACHUSETTS STATE POLICEWOMEN

The following report summarizes the work of the Massachusetts State Policewomen during the fiscal year ending June 30, 1967:

EXPERT ASSISTANT IN PATHOLOGY

During the eleven months from July 1, 1966 through May 31, 1967, forensic pathologists from the Department of Legal Medicine, Harvard Medical School, have assisted in the conduct of one hundred and forty-two official medicolegal postmortem examinations. All but one were performed in the Commonwealth of Massachusetts in accordance with Chapter 38 of the General Laws and were concerned with determination of the cause and circumstances of obscure or violent deaths.

Harvard University terminated this consultation service on May 31, 1967. The service to the Medical Examiners of the Commonwealth will be continued under the auspices of the Massachusetts Medico-Legal Society. This Society has distributed to all Medical Examiners a roster of qualified forensic pathologists who have expressed a willingness to provide this consultation service when requested.

Since the consultation service was originated on January 4, 1940, forensic pathologists from this department participated in six thousand four hundred and sixty-eight investigations.

The following tables indicate the types of cases investigated and the geographic distribution of cases:

DIVISION OF SUBVERSIVE ACTIVITIES

The Division of Subversive Activities, established by Chapter 650 of the Acts of 1954, Chapter 22, Section 3, is a Division created to receive reports of subversive activities within the Commonwealth, to investigate such reports, to maintain records, to cooperate with the law enforcement agencies of the Commonwealth and to report annually to the Commissioner of Public Safety and to the Governor.

During the year ending June 30, 1967, this Division conducted two hundred and forty-five investigations relative to complaints on subversive activities. This Division acts as a clearance house for various departments of the State and Federal Government, Industrial Plants, Education Institutions and law enforcement agencies in conducting security clearances for personnel. This Division performed two thousand one hundred and ninety-four security name checks. The name check involved investigations relative to the particular person being checked re criminal record and possible subversive activity. If the person being checked was born, or resided outside the Commonwealth, this involved checking the record with the Federal Bureau of Investigation and the local state in which the person resided.

The Division acts as a central depository for

information relative to all of the activities of the Communist Party and Subversive organizations. A separate file has been made of peace groups, civil rightists and other such groups where, due to their enthusiasm, they might have a tendency to adopt or show a policy of advocating the commission of acts of force or violence to deny other persons their rights under the Constitution. These files are kept up-dated by communications with the Federal Bureau of Identification, the House Committee on Un-American Activities, decisions of the United State Supreme Court and other states having Subversive Activities Units.

The information and material on file in this Division has grown to such an extent that the Federal Bureau of Investigation, Immigration and Naturalization Service, Department of Defense, U. S. Army Intelligence, Federal Civil Service Commission, Treasury Department, several departments of the Commonwealth, Industrial Plants and Educational Institutions now clear with this Division on security checks. The inquiries from police departments from other states have increased, particularly since the recent nationwide extension of racial riots.

This Division has received many requests for investigations or assistance in investigations from police departments throughout the country; from the Federal Bureau of Investigation and the investigators from the House Committee on Un-American Activities and the Subversive Activities Control Board. This Division

complied with such requests.

The members of this Division attend the various demonstrations conducted in this area and notice of the leaders and organizations participating are taken; at times, photographs are taken, and later these people are identified and a file is made.

This Division is continuing to compile and tabulate a check on new organizations in the Civil Rights Area so as to be aware of any inclinations toward communist-front activities or the infiltration into these organizations of known communists or communist sympathizers.

Members of this Division have lectured at the State Police Training School, Framingham, on Communism and Subversive Activities, before local and state police classes. The Division secured from the Federal Bureau of Investigation copies of their current pamphlets on communism and subversive activities for distribution.

During the past year, as a result of the increased activities of the Communist and Subversive Groups in racial demonstrations throughout the country, this Division has kept a watch on these developments so as to note any trend toward that end in Massachusetts.

During the past year, this Division submitted information relative to subversive organizations and individuals to several local police departments who are in the process, or have started, Intelligence Units within their respective departments.

DIVISION OF FIRE PREVENTION

The Division of Fire Prevention is under the charge of a Director known as the State Fire Marshal. Under the executive and administrative supervision of the Commissioner, the State Fire Marshal administers and enforces the provisions of Chapter 148 of the General Laws.

The following is a statistical report of the activities of the Division of Fire Prevention for the past year ending June 30, 1967:

BUREAU FOR THE STORAGE OF FLUIDS

The storage of petroleum products and all other fluids, other than water in above-ground storage tanks or containers in excess of ten thousand gallons capacity, is carried out under specifications for construction, installation and

maintenance prescribed by statute laws and regulations.

The greater part of this storage is maintained at the large bulk stations of the major oil companies, particularly at railheads and waterfront plants.

The following is a comparative statement of the number of such tanks or containers in use and the number of permits issued for the period ending June 30, 1967:

Number of tanks in use during the year ending June 30, 1967	4,746
Permits issued for new construction	26

A total of sixty-nine tanks were covered by permits issued by the Commissioner of Public Safety for the year ending June 30, 1967. These tanks will contain a total of forty-eight million one hundred ninety-eight thousand one hundred and thirty-six gallons of various products.

The breakdown is as follows:

23	Tanks for the storage of	1,250,600	gals. of	L.P. Gas
6	" " " " "	33,374,918	" "	Bunker Oil #6
5	" " " " "	6,958,443	" "	#2 Fuel Oil
3	" " " " "	170,000	" "	Diesel Oil
1	" " " " "	14,000	" "	Lubrication Oil
1	" " " " "	15,000	" "	Asphalt
28	" " " " "	6,325,000	" "	Various Chemical Products
1	" " " " "	75,575	" "	Carbon Dioxide
1	" " " " "	15,000	" "	Liquid Wax

The plans and specifications for such tanks, including their foundations, footings, supports, dikes, etc., are submitted to this Department for approval before permits for construction are issued by the Commissioner of Public Safety.

DIVISION OF INSPECTION

The Division of Inspection, under the executive and administrative supervision of the Commissioner of Public Safety, is in charge of a Director designated as the Chief of Inspections, who directs the enforcement of the provisions of Chapter 143 and 146 of the General Laws.

The provisions of Chapter 143 of the General Laws, which are enforced by the Building Inspectors, apply to the examination and approval of plans for the construction of public buildings; the erection, alteration, inspection and use of certain buildings, the inspection and approval of elevators in cities and towns having no building inspection department, and the enforcement of laws, rules and regulations governing the use of the cinematograph and similar apparatus for the exhibition of motion pictures. Building Inspectors also conduct examinations of applicants for licenses as motion picture operators and have supervision of all motion picture projection booths throughout the Commonwealth and the inspection of safety film for use in special exhibitions.

The provisions of Chapter 146 of the General Laws, which are enforced by the District Engineering Inspectors, apply to the inspection of certain steam boilers and their appurtenances, both internally and externally, and to ascertain the general condition of the boiler and its

appliances while the boiler is under steam; also, to see if they have the proper appendages for safety, as prescribed by the Board of Boiler Rules.

The Engineers' and Firemen's license law is also enforced by the District Engineering Inspectors and is a valuable contribution to public safety. Much of the time of the Inspector is given to the examination of applicants for certificates of competency as inspectors of steam boilers in the employ of authorized boiler insurance companies.

The following is a recapitulation of Boiler, Air Tank and Refrigeration Inspections, Engineers' and Firemen's License Law and Oil Burner Technicians' License Law from July 1, 1966 to June 30, 1967:

Number of boilers inspected by Insurance Company Inspectors	24,068
--	--------

Number of air tanks inspected by Insurance Company Inspectors	9,654
--	-------

Number of refrigeration-air conditioning inspections by Insurance Companies	8,766
Total	42,488

PRIVATE DETECTIVE AGENCIES

Persons or corporations engaging in the business, which is commonly transacted by private detectives, are required to obtain a license to do so from the Commissioner of Public Safety.

The provisions of law, relating to such licenses, are found in General Laws, Chapter 147, Sections 23 to 30. Each applicant is thoroughly investigated before approval is given to the application. Upon approval, and before a license is issued, the applicant is required to file a bond of \$5,000 at this Headquarters, conditioned upon a

proper and legal transaction of the business to be licensed.

During the fiscal year ending June 30, 1967, the following licenses were issued:

Originals	- 26 @ \$500.00	- \$13,000.00
Renewals	- 99 @ \$200.00	- <u>19,800.00</u>
		\$32,800.00

Refunds for the fiscal year ending June 30, 1967, are as follows:

Current Year Originals	- 3 @ \$500.00	- \$1,500.00
Prior Year Original	- 1 @ \$500.00	- 500.00
Renewal	- 1 @ \$200.00	- <u>200.00</u>
		\$2,200.00

STATE BOXING COMMISSION

The State Boxing Commission consists of three members to be appointed by the Governor with the advice and consent of the Council.

The duties of the Commission include the supervision of all boxing exhibitions held in the Commonwealth and the regulations of boxing.

The number of professional clubs conducting boxing matches and exhibitions was seven, and the number of professional exhibitions held was fifty-two.

RULES AND REGULATIONS - DEPARTMENT OF PUBLIC SAFETY

- Form B-1 - Inspection of Buildings subject to Chapter 143, G. L.
- Supplement I - Regulations applicable to Schoolhouses to Form B-1
 - Structural Regulations for Schoolhouses
- Supplement II- Regulations applicable to Buildings to Form B-1
- Form B-3 - Regulations for Tents used as Public Halls, Miscellaneous and Mercantile or Other Establishments
- Form B-4 - Governing the Installation, Use and Maintenance of Revolving Doors
- Form B-5 - Governing the Construction, Alteration, Remodelling and Reconstruction of Grandstands, Bleachers, Stadia or Arenas and Race Track Crash Barriers
- Form B-6 - Governing Boarding Homes for the Aged, Convalescent or Nursing Homes
- Form B-7 - Day Care Services

Steam Boilers

- Form BLR-1 - Section I, ASME Code as Part I of the Steam Boiler Rules for Construction
- Form BLR-1A - Section III, ASME Code as Part I-A of the Steam Boiler Rules for Construction of Nuclear Vessels
- Form BLR-2 - Part II of the Steam Boiler Rules for Boilers of the Power and Miniature Classes for Inspection and Installation
- Form BLR-3 - Rules for Low Pressure Steam Heating Boilers for Inspection and Installation
- Form BLR-4 - Section IV, ASME Code, Part IV of the Steam Boiler Rules for Construction of Low Pressure Heating Boilers

Air Tanks

- Form BLR-5 - Section VIII, ASME Code, Part I,
Rules for Construction of Air Tanks
- Form BLR-6 - Rules for Field Inspection, Part II
of the Air Tank Regulations
- Form BLR-7 - Ammonia Compressor Safety Valve Rules
Refrigerator and Air Conditioning Systems

Material Specifications and Welding Qualifications

- Form BLR-8 - Section II, ASME Code, Material
Specifications
- Form BLR-9 - Section IX, ASME Code, Welding
Qualifications
- Form C - Use of the Cinematograph and Other
Apparatus for Exhibition of Motion
Pictures
- Form ELV-1 - Elevator and Escalator Regulations
Revised (Present Construction)
- Form ELV-2 - Elevator and Escalator Regulations
(New Construction)
- Form FPR-1 - Supervised Display of Fireworks
- Form FPR-2 - Dry-Cleaning and Dry-Dyeing and
Storage of Cleaning Fluid
- Form FPR-3 - Keeping and Use of Fuel Oil
- Form FPR-4 - Garages
- Form FPR-5 - Liquefied Petroleum Gas
- Form FPR-6 - Plastics
- Form FPR-7 - Transportation of Flammable Liquids
over the Highways
- Form FPR-8 - Governing Construction, Use and
Maintenance of Tanks
- Form FPR-9 - Fire Hazards

- Form FPR-10 - Maintenance of Manholes in Public Highways
- Form FPR-11 - Governing the Installation, Repair and Maintenance of Electrical Wiring and Electrical Fixtures
- Form FPR-12 - Keeping, Storage and Use of Explosives
- Form FPR-13 - Flammable Fluids, Solids and Gases
- Form FPR-14 - Keeping, Handling and Transportation of Flammable Liquids
- Form P - Boxing
- Form STD-1 - For Buildings Erected or Converted for Use as Places of Assembly
- Form STD-2 - Gypsum Sheathing Board as an Alternative
- Form STD-3 - For Integrated Assemblies of Wood and Lumber
- Form STD-4 - , Alternatives to Types and Methods of Metal Frame Construction for One-Story Dwelling Houses
- Form STD-5 - Alternative for Conventional Masonry Chimneys
- Form STD-6 - Fiberboard Sheathing as an Alternative to Sheathing Materials
- Form STD-7 - Hollow Concrete Blocks as an Alternative
- Form STD-8 - Egress from a Building
- Form STD-9 - Approved Types of Locks Required
- Form STD-10 - Board of Standards Building Code
- Form STD-100 - Construction of Buildings of not more than Three Stories nor more than Forty Feet in Height

CONCLUSION

In submitting this report, I wish to express my sincere appreciation for the service rendered by the entire personnel of the Department and to extend to all other Departments in the State service my genuine thanks for their cooperation and assistance.

L. L. Laughlin
Commissioner

BOARD OF BOILER RULES

Submitted herewith is the report of activities of the Board of Boiler Rules for the period ending June 30, 1967.

During the past year, five regular meetings were held and two semi-annual public hearings; the latter were in compliance with the requirements of Chapter 146, Section 3, Massachusetts General Laws (Ter. Ed.).

Seven petitions were considered by the Board; five granted, and two required no action, being exempt from the provisions of General Laws, Chapter 146, as amended.

The Board is in the process of reviewing the rules in order to stay abreast of the current safety standards in construction and operation.

Mr. Robert E. Hubbell of Cohasset, Massachusetts, was appointed as a member of the Board of Boiler Rules for a period of three years from May 15, 1967, succeeding Mr. James Nicol of East Weymouth, representing Boiler-Insurance interests.

BOARD OF ELEVATOR REGULATIONS

During the year ending June 30, 1967, the Board held thirty regularly scheduled meetings and seven subcommittee meetings.

Correspondence dated December 9, 1966, received from His Excellency John A. Volpe, appointed Daniel J. Finn as a member of the Board of Elevator Regulations. Mr. Finn was replaced by the City of Boston Building Commissioner Richard R. Thuma, Jr., and attended the March 15, 1967 meeting of the Board.

Two public hearings, required by statute, were held during the fiscal year. On October 5, 1966, the public hearing was attended by twenty-seven individuals representing elevator manufacturers, elevator inspectors, engineers, insurance companies and owners, Iron Workers Local #7, and business agent of Local #4, International Union of Elevator Constructors. Eighteen proposed amendments to ELV-2 were read, explained and discussed. Comments and suggestions were offered in reference to the proposed amendments. On May 3, 1967, the public hearing was attended by twenty-one persons. The Board welcomed all interested persons to present their recommendations for discussion so that members of the Board could clarify any code regulation, if requested.

On September 21, 1966, a petition submitted by Philip Markell, 73 Tremont Street, Boston, for Abraham and Bertha Crevoshay, 11 Felton Street, Waltham, from the order of Elevator Inspector Thomas Shortt, Department of Public Safety, prohibiting the use of a freight elevator at 11 Felton Street, Waltham, was denied at

the regular meeting of the Board.

A hearing was held on September 28, 1966 on a petition for variance submitted by Charles Luckman Associates, 729 Boylston Street, Boston, represented by Ronald Gerry, Architect, from the provisions of ELV-2, Part 2, "Not sufficient overhead clearance." After considerable discussion, proof was submitted that approval of the plans was given by the City of Boston before work on the elevator was started. On October 5, 1966, the Board voted to grant the variance, as per conditions outlined by Chairman Strachan at the Board meeting on September 28.

A hearing was held on October 19, 1966 on a petition for variance submitted by Daniel Marr, Jr., representing the Buck Equipment Company, Cincinnati, Ohio, and Chief Elevator Inspector Robert Stevenson, City of Boston, from the provisions of ELV-2 to permit a 16.3" drum diameter on a Buck Manhoist Temporary Workmans Elevator at the Boston University Dormitory, 752 Commonwealth Avenue, Boston. Because of the delay created by this condition, and a threatened work stoppage of one hundred men, it was voted by the Board to grant this variance.

Reports of elevator accidents in the Cities of Boston, Lowell, Haverhill, Holyoke, Lawrence, and other cities, were received by the Board. However, the Board is not receiving full cooperation from cities and towns in the required filing of accident reports

under Section 66 of Chapter 143 of the General Laws. The Board suggests that further action be taken to insure full reporting by all cities and towns and that a letter be sent to all cities and towns notifying enforcing inspectors of their obligation to fully comply with Section 64 of Chapter 143 of the General Laws.

During the fiscal year ending June 30, 1967, the Board received many communications for information relative to code definitions and enforced safety requirements on elevators, etc. The Board held conferences with manufacturers, architects, engineers, inspectors, building owners, and others.

BOARD OF TELETYPEWRITER REGULATIONS

The Board of Teletypewriter Regulations, appointed by the Governor, pursuant to the provisions of the General Laws, Chapter 22, Section 9F (enacted by Chapter 474 of the Acts of 1953) consists of the following:

- Leo L. Laughlin
Commissioner of Public Safety
Colonel, Massachusetts State Police
Chairman
- Hector J. Pelletier
Chief of Police
Cohasset Police Department
Member (Resigned effective May 29, 1967)
- Charles F. Hart
Chief of Police
Lawrence Police Department
Member

The Massachusetts Police Teletypewriter System consists of one hundred and eighteen Departments. The system operates at a speed of seventy-five words per minute.

During the fiscal year, Lieutenant John M. Keeley, Communications Officer, Massachusetts State Police, instructed the 42nd, 44th, and 45th class of local police officers in the operation of the teletype system at the Massachusetts State Police Academy in Framingham.

The facilities of the system were used to announce three Civil Defense Exercises - on October 26, 1966, "Exercise Cascade Golf" - on November 30, 1966, "Exercise CD EX 66" - on March 14, 1967, "Exercise Cascade Hotel." This system is considered a vital link in the dissemination of alert messages to the citizens of the Commonwealth. The Governor's emergency Communications Commission and the Massachusetts Civil Defense Agency have expressed great enthusiasm for this system as a media for alerting on a state-wide basis.

During the fiscal year ending June 30, 1967, a total of 563,503 messages were transmitted over the facilities of the Massachusetts Police Teletypewriter Network. This represents an average of 46,959 messages per month. There are sixty Municipal Departments connected directly to the switchboard at State Police Headquarters.

BOARD OF STANDARDS

During the fiscal year ending June 30, 1967, the Board of Standards held forty regular meetings, including two public hearings, as required by the General Laws, Chapter 143, Section 3B.

Requests were received either directly, or from the Attorney General's office, for the Board to review proposed building codes and amendments to the building codes of many cities and towns.

Copies of the Board of Standards' Basic Principles were furnished to private individuals, organizations and municipalities at their request. The Board also furnished copies of various other Board publications and answered inquiries received from individuals and corporate organizations.

On August 16, 1966, the Board unanimously approved the standard of lock specifications for apartment houses with the change that the references to "Chapter 464 of the Acts of 1965" on the standard be changed to read "Chapter 143, Section 3R, of the General Laws." This standard, in accordance with established procedure, was then filed with the Secretary of State.

The Board is continuing its work of developing a new comprehensive code based on the 1965 addition of BOCA Code and its latest supplements.

During the fiscal year, the Board received requests for interpretation of law pertaining to the scope of responsibility under which the Board operates. As a result of correspondence received from Mr. Elliot Snider, President of Wood Fabricators, Inc., of Cambridge, Assistant Attorney General Carter Lee was among those present at a meeting held on February 14, 1967, for the purpose of discussing certain provisions of Section 119 of the building code. A review of the meetings relative to this subject was discussed in detail and a history of the Board's determinations were made known to Mr. Lee in his official capacity as a representative of the Attorney General's Office.

Board members appeared for the Board at legislative hearings and building official conferences. On January 25, 1967, a member of the Board appeared before a legislative hearing on House Bill No. 4076 relative to establishing a Building Code Advisory Council and a State Construction Review Board and assured the committee of the Board's cooperation in assisting the committee in its work.

In January, 1967, a member of the Board appeared at a public hearing concerning three bills submitted by the Board of Schoolhouse Structural Standards, but as the issue did not involve the Board, he did not participate in the discussion.

A conference, held in October, 1966, at Providence,

Rhode Island, developed a committee for code improvement, and a member of the Board reported the functions of the Board of Standards.

The Secretary of the Massachusetts Electrical Contractors Association visited the Board on October 4, 1966 seeking an advisory opinion regarding Section 121.2 of the Board of Standards Building Code and an opinion was rendered.

The Board was visited by Civil Defense personnel on November 29, 1966, and the Board was informed of that agency's plans to file legislation amending Chapter 143 of the General Laws. An explanation of the relationship between building construction and fallout shelters, with particular emphasis on radiation protection, was outlined to the Board by Civil Defense personnel.

The Board met at the State House on March 29, 1967 with a special commission which is making a study of the advisability of the creation of a uniform state building code. A comprehensive study of the responsibilities of the Board was made with Senator Samuel Harmon, Chairman of the special commission.

There were no changes in the membership of the Board. The present members are as follows:

George W. Waters, Chairman
George J. Brennan, Jr., Clerk
Harry P. Hogan
James R. Gilman
Arthur Rosenstein

Seymour Kaplan
John Lyons
Joseph E. Duffy, Chief of Inspections, ex-officio

The year was a busy and successful one for the Board. Many requests for its services were fulfilled. The major task lying ahead is the completion of an up-to-date comprehensive code.

BOARD OF SCHOOLHOUSE STRUCTURAL STANDARDS

The Board of Schoolhouse Structural Standards submits its twelfth annual report for the fiscal year ending June 30, 1967.

The Board held twelve regular meetings, two of which were adjourned to a second session. Mr. Joseph Pollingher, a mechanical engineer, was appointed to the Board by the Governor in November, 1966; and in April, 1967, Mr. Joseph Yantosca succeeded Mr. John Blight as a representative of the Chief of Inspections. Mr. Roger Fenn, a member of the Board, resigned in March, 1967.

Subcommittees prepared and submitted to the Board for consideration additional Articles for eventual inclusion in the Structural Code. The B-1 Supplement is also being incorporated into the Code.

The Board filed two bills with the Legislature - House No. 3265 and House No. 3395. Both bills were referred to the next annual session.

BOARD OF EXAMINERS

The membership of the Board of Examiners, for the licensing of persons engaged in Construction, Maintenance and Repair of Elevators, appointed in accordance with the provisions of General Laws, Chapter 143, Section 71A, is as follows:

Brandon Powers, Chairman
Pasquale P. Pizzano, Member
(State Building Inspector)
James F. Fagan, Member
(State Elevator Inspector)

During the fiscal year ending June 30, 1967, examinations of applicants were conducted once a month, and regular monthly meetings were held. Five examinations were conducted at the Lowell office, three at the Fall River office, and one at the Salem office to accommodate applicants residing in these locations in the Commonwealth and out-of-state applicants.

A total of fifty-two applicants were examined for licenses as constructor, maintenance man and repairman of elevators, and nineteen licenses were issued. In addition, two persons, having supplied satisfactory proof that they were qualified in accordance with the provisions of Section 71B, Chapter 143, General Laws, as amended, were granted licenses without examination, in accordance with the provisions of said section.

Notices of the dates of examinations to be held during the calendar year 1967 were distributed and posted throughout the Commonwealth.

BOARD OF FIRE PREVENTION REGULATIONS

The Board of Fire Prevention Regulations, appointed pursuant to the provisions of the General Laws, Chapter 22, Section 14, consisted of the following members on June 30, 1967:

Samuel Gronich (Milton) Electrical Contractor
Chairman

V. Carlisle Smith (Dedham) Representative of
a National Organization
of Professional Chemical
Engineers, Clerk

Joseph E. Lawler, Jr. (Springfield) Representative
of a National Organization
of Fire Underwriters

Robert M. Malloy (Lincoln) Representative of Owners
of Buildings Subject to
Chapter 143 of the General
Laws

Frederick J. Lawson (Milton) Representative of a
National Organization of
Electrical Engineers

Joseph W. Mannix (Belmont) Inspector of Wires

Edward B. Callahan (Woburn) Head of a Fire Department

Ralph L. Garrett (West Newton) State Fire Marshal,
Member, Ex-Officio

The Board met regularly during the year, holding thirty-four regular meetings. The two public hearings, required by statute, were held on the first Thursday of October, 1966 and May, 1967.

Subcommittees have been formed for the purpose of studying the use of separate pumps in bulk storage plants, the problem of grounding connections or circuits and plastic water entrances.

After an advertised public hearing, the revised Form FPR-1 (Fireworks), FPR-3 (Oil Burning Equipment), FPR-4 (Garages), FPR-11 (Electrical), and FPR-12 (Explosives) were deposited with the Secretary of the Commonwealth.

On April 27, 1967, the Board adopted an emergency amendment to Article 410.71 (e) of FPR-11, extending the effective date of this article to January 1, 1968. (An advertised public hearing was held on July 13, 1967 confirming the action of the Board.)

In addition to the above revisions, the Board is in the process of reviewing other fire prevention regulations for the purpose of updating same, where necessary.

The Board met with representatives of the Boston Gas Company; Honeywell, Inc.; Government Center Garage; Better Home Heat Council, Inc.; Automatic Laundry and Dry Cleaning Company (coin-operated gasoline pumps) and other groups, to discuss matters of mutual interest.

On April 20, 1967, the Chairman, and other members of the Board, testified before the Special Commission, headed by Senator Samuel Harmon, making an investigation and study of the advisability and feasibility of the establishment of a uniform state building code. (Chapter 136, Acts of 1965).

Several Board members participated, on a voluntary basis, in seminars and open forums sponsored by the Boston Chapter of the Institute of Electrical and Electronics Engineers and the Paul Revere Chapter, Eastern Section, International Association of Electrical Inspectors, concerning the Massachusetts Electrical Code.

In February, 1967, the Board made an on-the-site inspection of newly acquired rescue trucks, including a Snorkel, at the Woburn Fire Headquarters.

During the fiscal year ending June 30, 1967, the Board received and answered many communications and requests for information relative to its regulations and safety requirements.

BOARD OF ELEVATOR APPEALS

The Board of Elevator Appeals, established in accordance with the provisions of Chapter 439 of the Acts of 1959, consists of the following:

L. L. Laughlin
Commissioner of Public Safety

David F. Nagle, Chairman
Experienced Elevator Constructor

James A. Broyer
Representative of Labor

Donald L. Cummings
Consulting Engineer

William F. Fitzgerald
Representative of a Liability Insurance Co.

Donald Jacobson
Representative of Manufacturing Plant Owners

Raymond J. Lord
Secretary, designated by Commissioner Laughlin

In accordance with the by-laws, meetings were called for September 8, 1966; December 8, 1966; March 9, 1967; and June 8, 1967.

On September 15, 1966, a meeting was scheduled for the purpose of conducting public hearings in accordance with the provisions of Chapter 439 of the Acts of 1959 relative to the appeal of the Waltham Publishing Company, 18 Pine Street, Waltham, from the decision of the Board of Elevator Regulations prohibiting the use of a private key-operated elevator at 18 Pine Street, Waltham, and the denial of Petition for Variance due to hardship, and the appeal of the Jonas Willis Parmenter Rest Home, Inc., 542 Main Street, Waltham, re an order to cease using the elevator installation at the said Rest Home.

On October 20, 1966, a special meeting was called by the Board of Elevator Appeals for the purpose of acting on the appeals of the Waltham Publishing Company and the Jonas Parmenter Rest Home, Inc. The members voted to deny the appeal from the decision of the Board of Elevator Regulations prohibiting the use of a private, key-operated elevator on the premises of the Waltham Publishing Company and voted to deny the Petition for

Variance due to hardship. The members voted to uphold the decision of the Board of Elevator Regulations re the appeal of Jonas Willis Parmenter Rest Home, Inc.; therefore, the appeal was denied.

At the December 8, 1966 meeting of the Board, it was voted to adopt the "Rules of Adjudicatory Proceedings before the Board of Elevator Appeals and for the Adoption of Administrative Regulations." A copy of said rules was forwarded to the Attorney General of the Commonwealth for approval as to matters of form, and an attested copy of the rules was deposited with the Secretary of State on April 4, 1967.

A copy of a letter from Governor John A. Volpe, addressed to Mr. Donald L. Jacobson, dated March 13, 1967, was received by the Board informing said Board of the reappointment of Mr. Jacobson, effective upon qualification.

The Board was notified of the death of its Chairman, Mr. David F. Nagle, who died on June 12, 1967.
